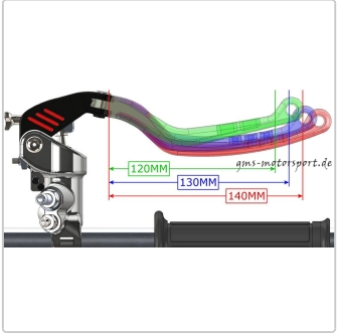
HEL PERFORMANCE CNC Radial Hand Brake Master Cylinder V2-R

Art.Nr.: HEL-HMC-2-R

342,00CHF / pcs.

incl. 8,1% VAT plus 12,00CHF DHL-Shipping

Currently out of stock; the item has been ordered. We are unable to provide an estimated delivery date.



Product information

HEL-Performance® Radial Hand Brake Master Cylinder V2 / "3-Seal Technology" Race Edition (not for road use)
Available with a 19mm or 16mm piston diameter!

2nd generation of the popular radial brake master cylinder from HEL Performance. But in the Race Edition.
Machined from solid (housing and lever)

- Piston diameters: 17.5 and 19 mm
- Lever can be swapped in just a few seconds with a single screw
- 3 lever lengths: S2, M3, L4 (M3 is standard; S2 and L4 are available as accessories)
- Bleed nipples sealed
- Brake master cylinder with "3-Seal Technology"
- CNC-machined housing and lever
- CNC-milled folding lever as standard
- CNC-machined brake fluid reservoir available as an accessory
- Mechanical lever ratio easily adjustable.
  a) 19 mm piston diameter (19 x 18, 19 x 20 mm)
  b) 16 mm piston diameter (16 x 18, 16 x 20mm)
- WITHOUT micro-stop light switch
- Remote adjuster available as an accessory

Both the housing and the lever are milled from solid stock at HEL Performance in Exeter (UK) using state-of-the-art CNC machining centers. The housing features a high-quality, modern CERACOTE coating; the lever is anodized. (CERACOTE coating is also available in many colors as a special order)

The mechanical lever ratio can be easily adjusted to your personal preference using an integrated component. Super fast and convenient.
The newly developed brake lever is mounted to the housing with just a single screw. This makes it very easy and quick to replace the entire unit.

Weight: Approx. 300 grams
Material: Housing / Lever = 6082-T6 aluminum, machined from solid
Pistons and screws = stainless steel
Housing: CEARCOTE coating
Lever: Anodized

Package Contents:
1 x radial brake cylinder with brake lever and MICRO brake light switch
1 x M10x1.00 stainless steel hollow screw with copper sealing rings
Installation/Maintenance Instructions

An ABE is in the works!!

#WhatsStoppingYou

Note: Brake master cylinders and calipers from HEL Performance are not compatible with Castrol's SRF Racing brake fluid! Using this brake fluid may cause seals to fail under certain conditions.
